WORK EXPERIENCE

Cluemaster

Escape the Room - Indianapolis, IN

January 2020 to March 2020

Welcome customers and lead them to their booked room and give them an introduction to the room and the rules. Once the room begins, watch the patrons from a back room via cameras and microphones to give clues on an as-needed basis as they progress through the room and also ensure that they do not break anything within the room.

Freelance Consultant

Kenzie Academy - Indianapolis, IN

October 2019 to March 2020

Consultant work for my school helping with the cohort after mine. Working closely with a team in order to get all assignments graded and leave constructive feedback for students. Also making myself available in person for the students to come to me and get help.

Brand Ambassador

Banana Republic - Indianapolis, IN

April 2019 to November 2019

Handled day to day customer service duties such as helping customers find items, search the back of store for items, check customers out at the cash register, greet customers as they enter the store, create or fulfill online orders for customers, and answer the phones when needed. Assisted with the opening and closing the store and handled the associated duties such as standardizing and restocking items, cleaning the store, and fulfilling orders from the previous day and overnight.

EDUCATION

Certificate in User-Interface Engineering

Kenzie Academy - Indianapolis, IN
